

Area formulas for right triangles and parallelograms

Connect

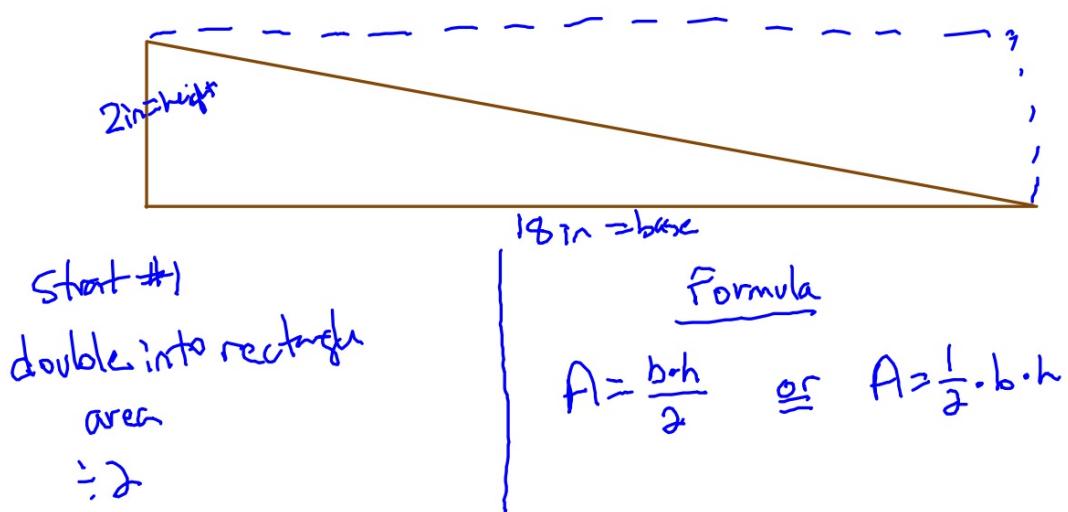

I do - right triangle

I do - parallelogram

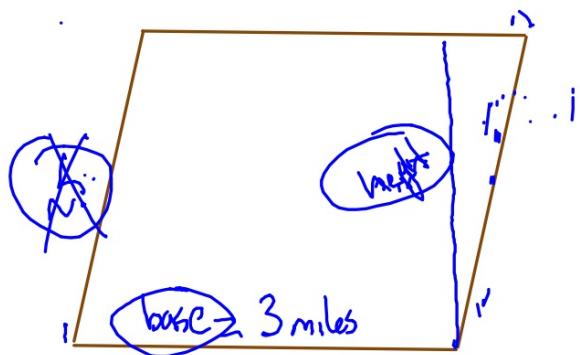

We do - right triangle

We do - parallelogram

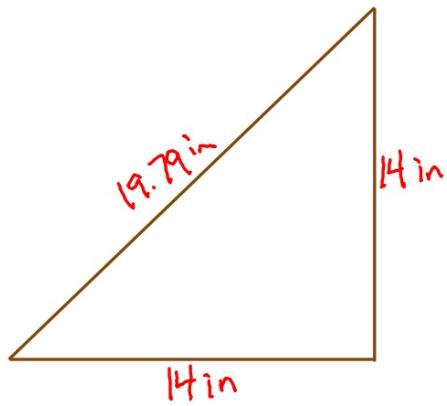

Strat 1
cut & move
to make rec.

Strat #2
 $A = b \cdot h$

**You do together
on whiteboard**

What is the formula for the area?
What is the area?

**You do alone on
index card**

What is the formula for the area?
What is the area?

A
